The screenshot shows the ProQuest Advanced Search interface. At the top, it says "ProQuest" and "Access provided by PQCS Internal - ProQuest Associa...". Below that is the "ProQuest Dissertations & Theses Global" header. The main section is titled "Advanced Search" and includes tabs for "Command Line", "Recent searches", "Field codes", and "Search tips".

The search query is entered as `"nano technology" OR nanotechnology` in the first field, with a dropdown menu set to "Anywhere". A second field is empty, also with a dropdown set to "Anywhere". A red box highlights the search query and the "Anywhere" dropdowns. Below the search fields, there is a "Limit to:" section with a checkbox for "Full text" and a "Publication date:" dropdown set to "All dates". Blue arrows point to these two options.

Below the search fields, there is a "Search" button and a "Clear form" link. Further down, there are several input fields for "Author:", "Advisor:", "University/institution:", "Subject heading (all):", and "Index term (keyword):", each with a "Look up" link. A red box highlights this entire section.

At the bottom, there are two filter sections: "Manuscript type:" and "Language:". The "Manuscript type:" section has checkboxes for "Select all", "Master's theses", and "Doctoral dissertations". The "Language:" section has checkboxes for "Select all", "Afrikaans", "Arabic", "Basque", "Bengali", "Bosnian", "Bulgarian", and "Catalan". A red box highlights both filter sections.
